

REQUEST FOR PROPOSALS

Expert Challenge Function & Facilitating Learning Fora - SR-MR-05

The Somalia Stability Fund (SSF) is a multi-donor fund supporting peace and stability in Somalia. SSF has set aside funds to cover eligible payment under a contract for **Expert Challenge Function & Learning Fora**. The Stability Fund has a contract with Sahan Research to provide quarterly reporting against a set of stability indicators tailored for each federal member state and Somalia at the macro level. These indicators are used to identify where Somalia is positioned in relation to four scenarios which represent best to worst case. In addition, SSF commissions analysis on an adhoc basis on a range of topics, most recently, for example, on the future status of Benadir and implications of different options for stability.

This contract will allow SSF to expose its regular reporting and ad-hoc analysis to a set of expert stakeholders for challenge and debate, including on the implications for policy and programming beyond SSF.

The bidding process is **competitive** and open to all bidders who are eligible and meet the qualification criteria. General details relating to the project are highlighted below:

- **Location:** Somalia and Kenya
- **Description of work:** Expert Challenge Function & Facilitating Learning Fora
- **Type of Award:** Milestone Based Contract
- **Bid Closing Date and Time:** 18th February 2018 at 10:00am East Africa

Interested bidders are advised to request the full IFB (Tender Documents) by sending an email request with the subject line clearly stating, “**SR-MR-05: Expert Challenge Function & Facilitating Learning Fora**” to the designated email: procurement@stabilityfund.so
